SUMMARY

Looking to leverage my experience as a Front End Developer into a challenging position that will allow me to utilize my technical skills and creativity to create innovative and responsive websites. I am passionate about delivering high-quality, user-friendly designs that exceed client expectations. I am eager to learn and grow in a dynamic team environment.

EXPERIENCE

Front End Developer

- Developed and maintained responsive websites using HTML, CSS, and JavaScript, resulting in a significant increase in website traffic and user engagement.
- Collaborated with cross-functional teams to design and implement user-friendly interfaces, resulting in a 20% reduction in user complaints and an increase in customer satisfaction.
- Conducted thorough testing and debugging of web applications, resulting in a 30% reduction in website downtime and improved performance.
- Implemented best practices and industry standards for web development, resulting in improved website accessibility, performance,
